# LO: To know 3D shapes.

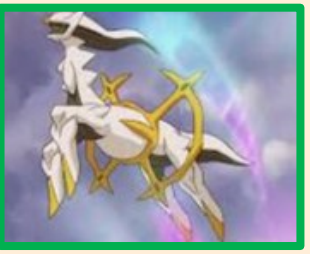

SC:

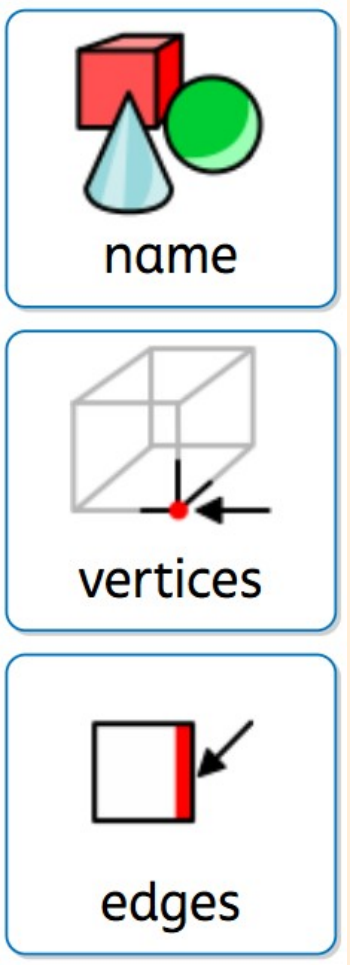

I can name shapes.

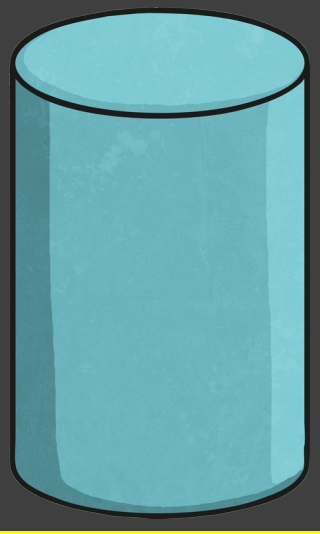

I can count **vertices**.

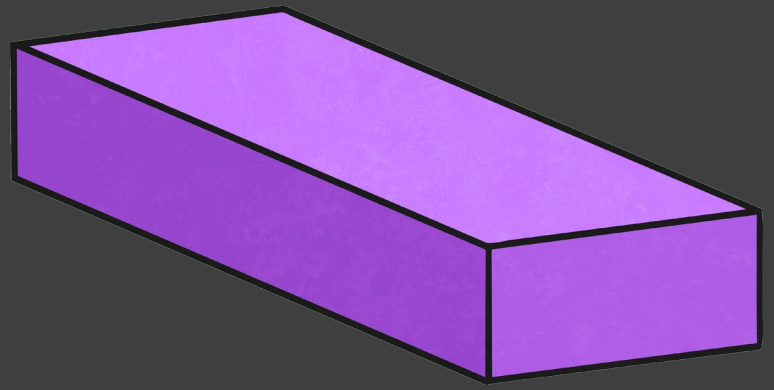

I can count **edges**.

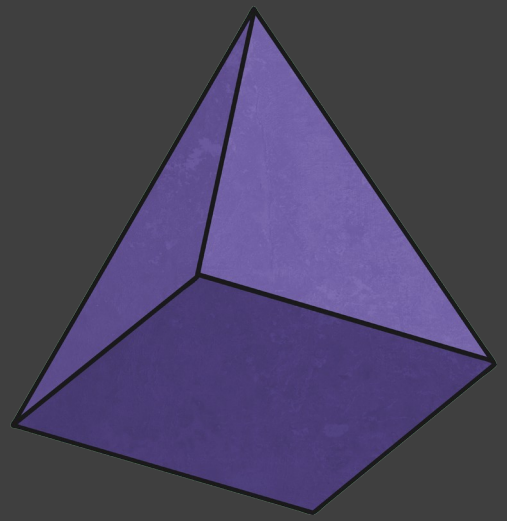

What shape is it?

cylinder

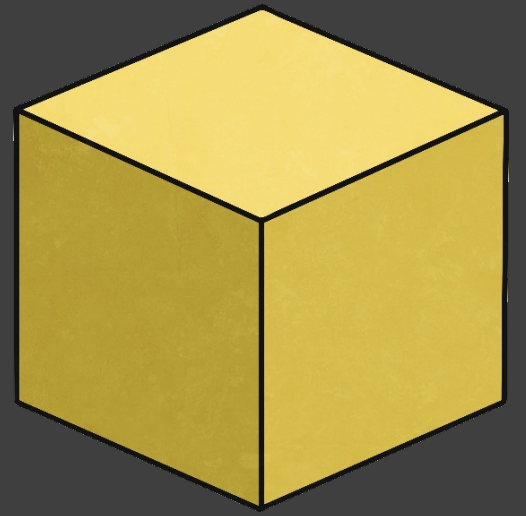

cuboid

Square-base pyramid

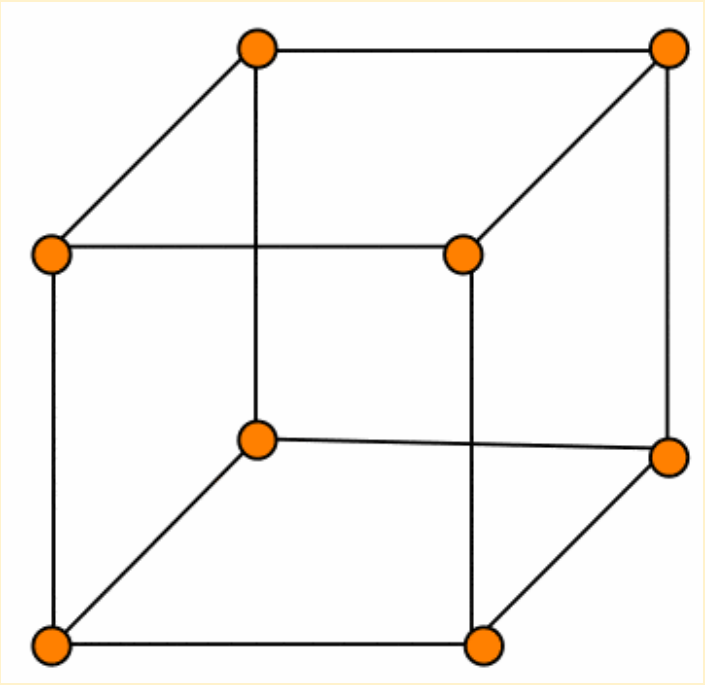

sphere

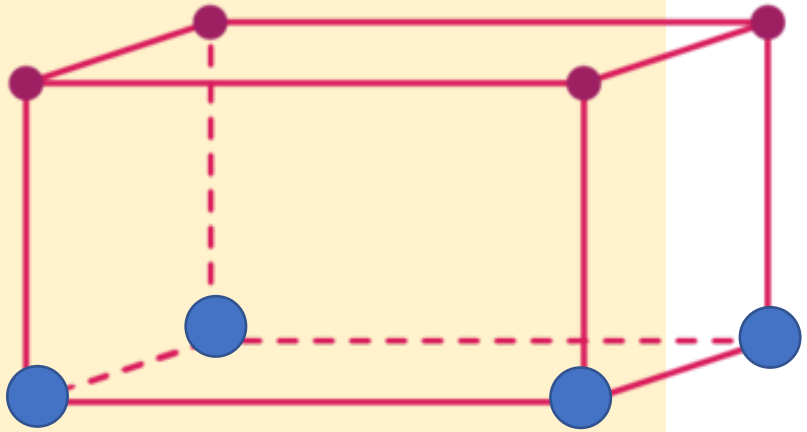

cube

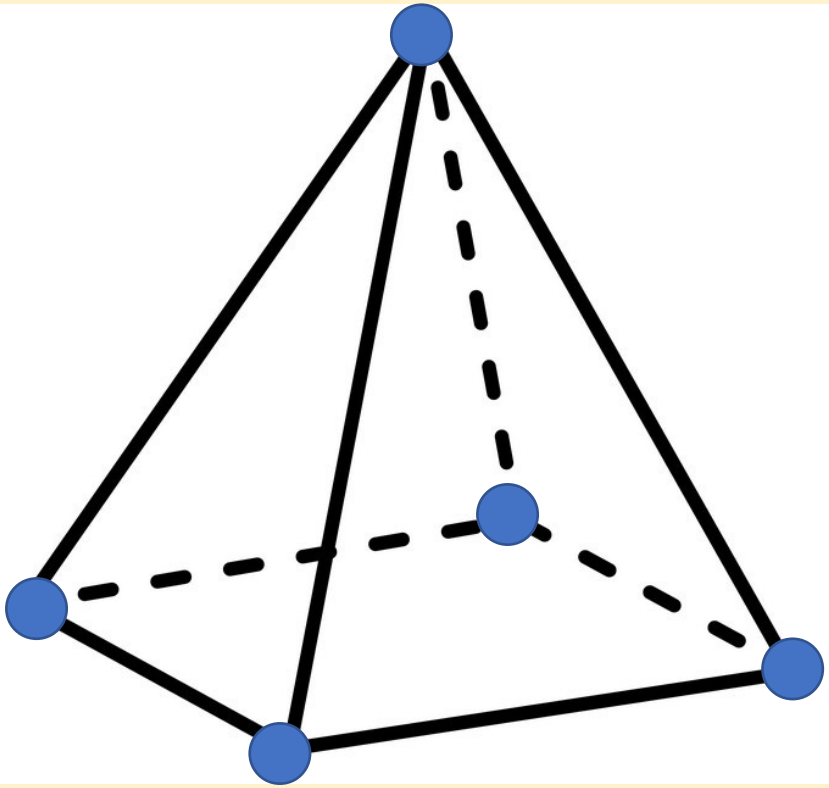

Vertices are the corners of the shapes:

8 vertices

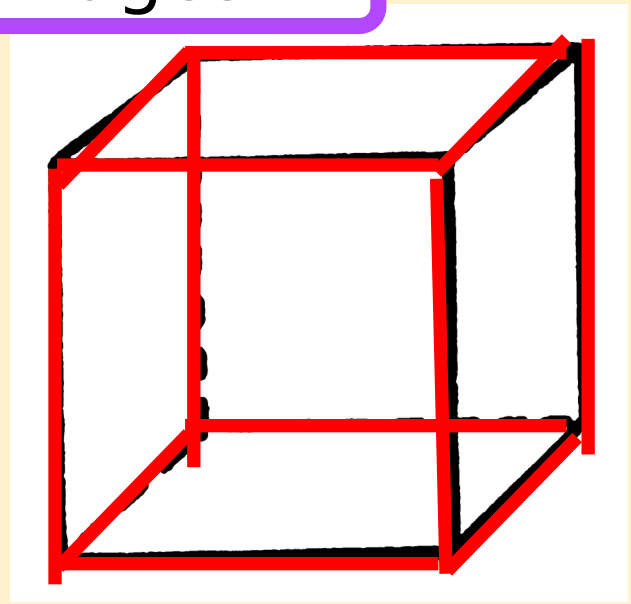

8 vertices

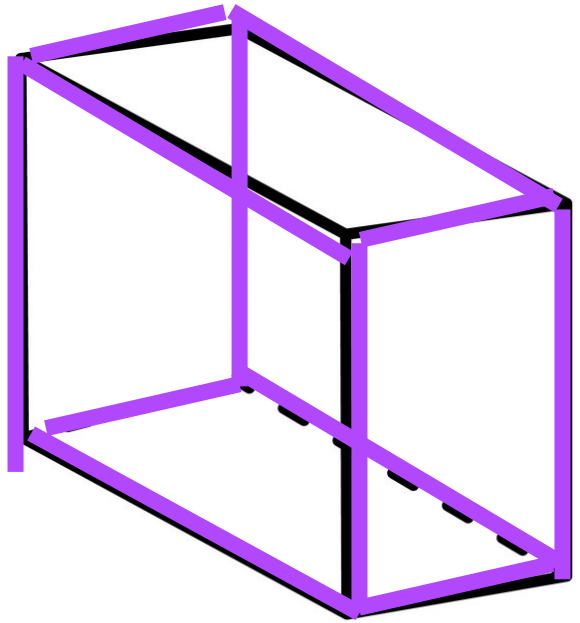

5 vertices

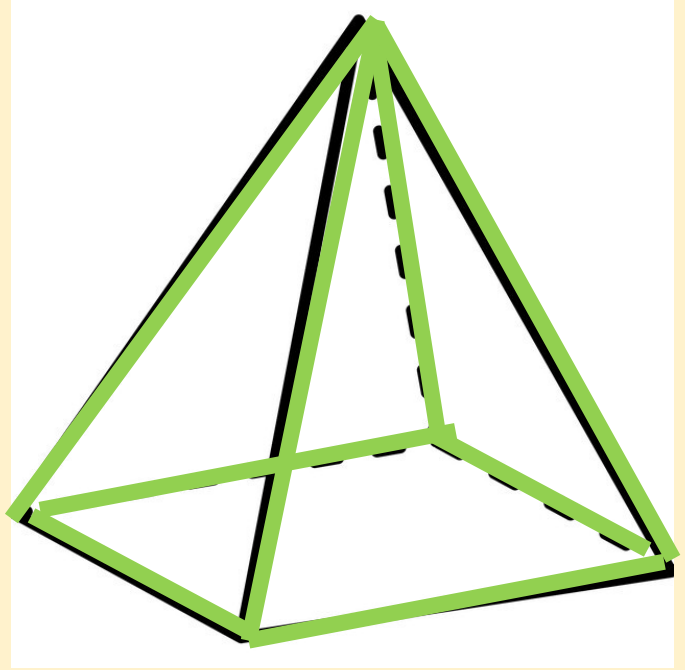

# Edges:

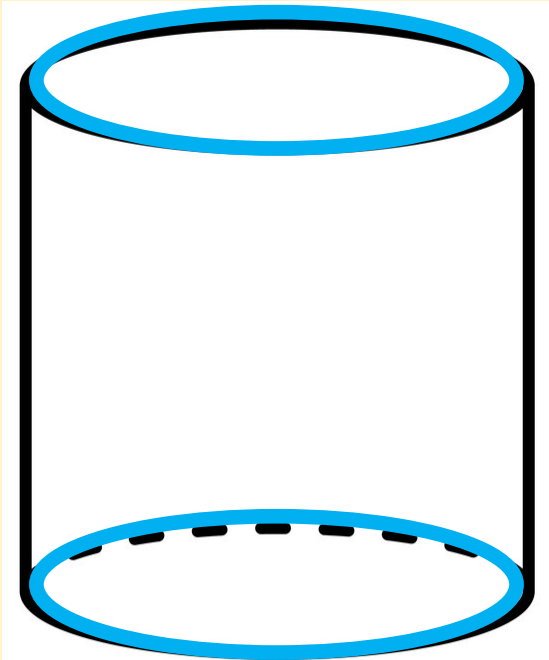

12 edges

12 edges

8 edges

2 edges

Activity:

Marshmallows = vertices
Toothpicks = edges
